Boreham Parish Footpaths
Walk Three

From Boreham Village Hall to North Boreham Circuit—5 miles—2½ Hours

Start at the Village Hall car park on Main Road. Walk along the side of the Village Hall and turn left onto the narrow tarmac path that runs along the back of the recreation ground. Exit by the gate and turn left into Plantation Road. Then take the footpath on the right by Number 102 Plantation Road.

Continue until you come to a ploughed field ahead of you. Turn left here and walk along the field edge. Cross the plank bridge and across a field to exit onto the Main Road. Cross the road then turn right and then left up Waltham Road.

Continue over the bridge spanning the A12 and railway lines. Pass the Industrial Estate on your left and Chantry Lane on the right.

Just after Chantry Lane there is a footpath on the left between Belvedere and allotments. Take this path down to the water meadow and continue straight on across the boardwalk. Cross the plank bridge and continue along the field edge to arrive at a stile.

Cross the stile and walk across the field at a direction of approximately 11 o'clock to the path that you have just left.At the other side of the field is a plank bridge across the ditch. Stand on the plank bridge and then walk in a direction of 1 o'clock. This will take you under the nearby power lines then keeping left of a group of 2 pylons and some wooden power poles. After passing this group carry on following the power lines, passing a lake on your left, to arrive at a track beneath the power lines.

Turn left then immediately right along a grass footpath, not accessible to vehicles. You now pass alongside the gravel pit workings on your left. Eventually you arrive at a gravel pit track. Cross this and continue on the footpath the other side. Having crossed a stile and plank bridge you will now be walking along a tree lined route. (Take note of the nearby field on your left. This is the field that you need to be walking around).

Where it becomes impossible to continue, exit the trees on the left. Carry on now following the field on your left, passing two small groups of trees on your right and the gravel working far away on your left. Continue along this field edge as it turns left at the bottom of the field and then at the next corner turn right.

Walk to the next field where you cross a stream and then continue straight across this field to access Generals Lane via a plank bridge. Turn left into Generals Lane and walk back to the Boreham Interchange, passing the right turn into New Hall School.

At the Boreham Interchange roundabout turn left and then go straight across the next roundabout, passing the Grange PH on your left. Keep on the left side of the road until you reach the village. There is a zebra crossing as you enter the village or a traffic light controlled crossing at the Village Hall.

Pathway found in Plantation Road opposite the Recreation Ground.

Pathway opposite the Cock Inn that leads to back of Plantation Road.
